KEY CONTRACT INFORMATION

1. CONTRACT USE:

[\(Return to Table of Contents\)](#)

This is not a mandatory use contract under **Title 29, Chapter 6911(d) Delaware Code**. It is available to every state department and agency within the Executive Branch and Judicial Branch of the state government and Delaware State University, Delaware Technical and Community College, the operations funded by Public School Districts, Delaware Transit Corporation, the Legislative Branch and the Board of Pension Trustees and their consultants.

Under Title 29 §6933, The State of Delaware is authorized to participate in, sponsor, conduct or administer a cooperative purchasing agreement for the procurement of materiel or nonprofessional services with 1 or more public procurement units either within the State or within another state in accordance with an agreement entered into between the participants.

A competitive bidding and selection process was conducted by the National Joint Powers Alliance (NJPA), a Minnesota-based Service Cooperative created by Minnesota Legislative Statute 123A.21. NJPA and Contractor established a contract for the purchase of landscaping and grounds related equipment, accessories and supplies on or around September 22, 2009 (hereinafter, "Master Agreement").

2. CONTRACT PERIOD:

[\(Return to Table of Contents\)](#)

Each contractor's contract shall expire September 10, 2013.

ADDITIONAL TERMS AND CONDITIONS

[\(Return to Table of Contents\)](#)

7. BILLING:

The successful vendor is required to **"Bill as Shipped" to the respective ordering agency(s).** Ordering agencies shall provide at a minimum the contract number, ship to and bill to address, contract name and phone number.

8. PAYMENT:

The agencies or school districts involved will authorize and process for payment each invoice within thirty (30) days after the date of receipt. The contractor or vendor must accept full payment by procurement (credit) card and/or conventional check and/or other electronic means at the State's option, without imposing any additional fees, costs or conditions.

9. PRODUCT SUBSTITUTION:

All items delivered during the life of the contract shall be of the same type and manufacture as specified unless specific approval is given by Government Support Services to do otherwise. Substitutions may require the submission of written specifications and product evaluation prior to any approvals being granted.

10. ORDERING PROCEDURE:

Successful contractors are required to have either a local telephone number within the (302) area code, a toll free (800) number, or agree to accept collect calls. Each agency is responsible for placing their orders and may be accomplished by written purchase order, telephone, fax or computer on-line systems. The contractor or vendor must accept full payment by procurement (credit) card and/or conventional check and/or other electronic means at the State's option, without imposing any additional fees, costs or conditions.

11. HOLD HARMLESS:

The contractor agrees that it shall indemnify and hold the State of Delaware and all its agencies harmless from and against any and all claims for injury, loss of life, or damage to or loss of use of property caused or alleged to be caused, by acts or omissions of the contractor, its employees, and invitees on or about the premises and which arise out of the contractor's performance, or failure to perform as specified in the Agreement.

12. NON-PERFORMANCE:

In the event the contractor does not fulfill its obligations under the terms and conditions of this contract, the ordering agency may purchase equivalent product on the open market. Any difference in cost between the contract prices herein and the price of open market product shall be the responsibility of the contractor. Under no circumstances shall monies be due the contractor in the event open market

products can be obtained below contract cost. Any monies charged to the contractor may be deducted from an open invoice.

13. FORCE MAJEURE:

Neither the contractor nor the ordering agency shall be held liable for non-performance under the terms and conditions of this contract due, but not limited to, government restriction, strike, flood, fire, or unforeseen catastrophe beyond either party's control. Each party shall notify the other in writing of any situation that may prevent performance under the terms and conditions of this contract.

14. AGENCY'S RESPONSIBILITIES:

The Agency shall:

- a. Examine and review in detail all letters, reports, drawings and other documents presented by the Contractor to the Agency and render to the Contractor in writing, findings and decisions pertaining thereto within a reasonable time so as not to delay the services of Contractor.
- b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible. <http://gss.omb.delaware.gov/divisionwide/forms.shtml>.

Get all the benefits you bargained for. Without having to do all the bargaining.

Thanks to the **National Joint Powers Alliance®**, we can offer your agency a cost-free membership to a competitively bid, nationally leveraged contract, regardless of the size of your operation.

This means you can obtain high-quality and cost-effective John Deere grounds maintenance equipment—plus reduce the time and expense typically generated during the purchasing process itself.

And when you consider our equipment comes standard with the support of a nationwide network of local dealers who care, factory-trained technicians, and a parts network that runs like clockwork, you'll see why a NJPA membership and John Deere equipment are the real deal.

Contract: 081209-JDC

30 Series Tractors

75 to 95-PTO-hp. Built on amazingly strong full-frame design, the 30 Series is ideal for heavy-duty applications like roadside mowing. And every transmission comes complete with a PermaClutch 2™ wet-disk clutch.

1400 and 1500 Series II Full-Size Front Mowers

These versatile, high-capacity mowers are best in their class. Available in two- and four-wheel drive with a wide variety of attachments, advanced safety features, cast-iron axles, 7-Iron II™ decks, and self-reinforcing frames.

Gator™ XUV 4x4 850D

The Gator XUV is your choice for greater speed. As the fastest diesel on the market, it quickly accelerates to a top speed of 30 mph. Combine its impressive speed with independent rear suspension and you are in for one superior ride on even the roughest terrain.

5 and 6 Series Tractors

45 to 140 hp. Versatile, reliable, efficient, and affordable, the wide variety of John Deere 5 and 6 Series Utility Tractors bring power, performance, and simple controls to everyday work.

Z-Trak™ PRO 900 Series

Accept nothing less in a zero turn mower than one with a high-capacity 7-Iron™ PRO mower deck, reliable integrated ground drive transmission, and innovative Brake and Go™ system for simpler starting.

Gator™ T Series

Stable, and easy to load. Most models are equipped with a new 16.4 cubic foot cargo box that has 20 tie-down points and converts to flat-bed mode in minutes. Electric models available.

2000, 3000 and 4000 Series Tractors

24.1 to 66 hp. Great power, and incredibly easy to use it. That's the 2000, 3000 and 4000 Series tractors. With available eHydro transmissions on many models, high-torque engines and easy daily servicing.

X700 Select Series™ Riding Mowers

Expand the possibilities with our X700 Ultimate™ Tractor. Tackle anything on any terrain with this versatile mower, which features the 7-Iron II™ deck or the Edge™ Xtra Cutting System.

The National Joint Powers Alliance® (NJPA) serves over 30,000 Members throughout the nation with competitively awarded purchasing solutions from industry-leading vendors. NJPA membership is available in all 50 states to government, education and non-profit agencies at no cost or obligation. As a government agency itself, NJPA responds to its Members' purchasing needs by securing legal, competitive and valuable product and service solutions that range from office supplies to heavy equipment.
